

New Name and Look for Augustana Care in Apple Valley

Augustana Care's Apple Valley staff is excited to share that from now on, our health care center will be known as **Augustana Care Health and Rehabilitation of Apple Valley**. The new name better represents the nonprofit's mission and focus, as rehabilitation is a significant part of what we do.

To celebrate, an open house will be held Tuesday, June 9 between 3:30 and 6:30 p.m. Refreshments will be served and tours will be available to visitors. To learn more, please contact Jean Andries at jandries@augustanacare.org or 952-236-2625.

The name change at our Apple Valley location coincides with the conclusion of remodeling to update Augustana Care Health and Rehabilitation's features and amenities. Both the remodeling and new name reflect the changing needs of residents, patients and clients, as the number of people who need rehabilitation in skilled nursing centers is increasing.

Rehabilitation serves as a bridge between hospital and home to promote faster, more long-lasting healing. **Augustana Care Health and Rehabilitation of Apple Valley offers the services of professionals who work to restore patients' strengths and abilities.**

About Augustana Care

Augustana Care is a non-profit organization that provides housing, health care and community-based services to older generations and others in need—and helps residents live the lives that most inspire them. The principles that guide our work are as follows:

- To value older generations' talents and experience
- To provide the care residents need, when and where they need it
- To connect residents to the people and things that mean the most to them
- To support residents and families with spiritual care that speaks to who they are
